

Shri Dhabekar Kala Mahavidyalaya, Khadaki-Akola

Best Practices of college

1. Title of the Practice: Women Empowerment
2. Objectives of the Practice:
 - To create awareness among girl students regarding human rights and health problems.
 - To enlighten girl students with power of knowledge.
 - To develop creativity, art and environment-friendliness in them.
 - To free the female students from the patriarchal clutches of traditional society.
3. III. Context:

The government has also launched several women empowerment programmes to motivate them for taking up various jobs. It is desired that with higher percentage of women coming forward in education and other fields, they are supposed to get equal status and equal work, women are able to thrive economically and rise out of poverty. Protecting women and girls from violence and abuse while challenging the stigmas against reporting crimes would overall create a much safer society.

IV. The practice: Shri. Dhabekar Kala Mahavidyalay, Khadki, Akola has been organizing various programs in the line of bringing about women empowerment. During the last five years, the special programs to be mentioned includes health and hygiene awareness, legal guidance, employment opportunities, women's right to equality as human. Women's safety and security is the priority of college governance. From this point of view the college has accommodated girls' common room with first aid facility.

V. Evidence of success: Consequently, it is found that many girls from all strata of society have enrolled their names in the college in all programs. Actually girl students are higher in number. Many students have shown their talent in sports and cultural activities as well as in studies. Number of programs of women empowerment have been increased consecutively

It is important to cultivate the values of self-dependence and self-confidence in young women and also make them financially independent. This should happen at an early age. Education does not guarantee employment at present and hence self-employment has become very important. There are glaring problems of divorcees, widows and other deprived women in the society.

The Practice: Earning through Nutritious Cooking: We train our girls and other women in the society to cook nutritious food items and sell them in the market. Thus, they get a chance to earn while nutritious food is served in the market. We also give training for creating the various things needed for festivals and special occasions. Evidence of Success: The details of various programmes we organized and the number of beneficiaries speak for our success.

1) Title of the Practice: Awareness about road safety.

Objectives of the Practice:

To aware students about all factors affecting the safe use of public roads.

Promote and encourage the safe use of public roads by all classes of road users.

To conceive, develop and implement programmes to improve road safety.

II. Context:

India ranks high when it comes to number of accidents on the road. However, in the recent years, improvement has been seen in this area. With the rapid increase in the number of vehicles on the road, the traffic conditions are under a lot of pressure. Therefore, road safety is one of the most serious public health issues in our country. It has an impact on everyone, whether one drives a vehicle, walks or rides a cycle.

III: The practise-

Our college organise various awareness programs Understanding Road Safety. Road safety refers to the measures which must be adopted by everyone while using roads. These safety methods are meant for reducing the risk of accidents and injuries or causalities on the road.

Safety Devices Two-wheeler Helmet The primary goal- of a two-wheeler helmet is to protect the rider's head during impact, thus preventing or reducing head injury or saving the rider's life. Some helmets provide additional conveniences, such as ventilation, face shields, ear protection, etc. Of all the organs in our body, the heart and brain are the most vital ones. When a two-wheeler rider meets with an accident, it is the brain that is at a greater risk of injury. A brain injury can result due to skull fracture,

IV. The practice: Shri. Dhabekar Kala Mahavidyalay, Khadki, Akola has been organizing various programs in the line of bringing about awareness of road safety. During the last five years, the special programs to be mentioned includes guest lecture demonstration or role play on street ,taking oath about safety.

V. Evidence of success: Consequently, it is found that many students from all strata of society have enrolled their names in the college in all programs. Number of programs of awareness about road safety have been increased consecutively.
